**13:55 Wrapping up**

**14:00 End of the Workshop**

\*Each presentation will be 15 minutes and 10 minutes for Questions and Answers.

#### **WHAT**

The 1<sup>st</sup> *Active Aging and Mobile Technologies: Access to Communication for the Elderly International Network* Open Workshop.

#### **WHERE**

W. Mitchell Room, 7<sup>th</sup> floor, Media-TIC building, c/Roc Boronat 117, Barcelona.

#### **WHEN**

Thursday, 7 July 2011. 9.45am - 2.00 pm.

#### **GOALS**

The goals of workshop are:

- To present the International Network
- To share empirical results with local researchers and practitioners in field

#### **MORE DETAILS**

Sessions will be held in English.

If you are interested in attending, please confirm via email ([larroyop@uoc.edu](mailto:larroyop@uoc.edu)) by Wednesday 29 June.

The workshop is organized by the UOC IN3 Mobile Communications, Economy & Society research program. <http://in3.uoc.edu/>

#### **ABOUT THE INTERNATIONAL NETWORK**

The goal of the *Active Aging and Mobile Technologies: Access to Communication for the Elderly International Network* is to set up international multidisciplinary partnerships examining the links between aging and mobile telecommunications, highlighting the specific needs of this cohort and increasing the presence of this issue in academia, industry and government documentation.

The International Network consists of five researchers from three different countries.
